

International Summer School

# Start-Up Camp

For High School Students

In partnership with:

July 29 – August 18, 2013

Join us

[www.ise.technion.ac.il](http://www.ise.technion.ac.il)

A **summer camp** for innovation geared to 15 to 18-year-olds taught in **English** at **Israel's most prestigious** science and technology **university**. Join **peers** from around the **globe** as you **learn** about **entrepreneurship**, business models and **development**, and the global **high-tech industry**. Enjoy **exciting trips** and **fascinating activities** throughout Israel. Meet local **business and industry leaders**, and explore the unique entrepreneurial and **innovative spirit** of the "**start-up nation**."

# Start-Up Camp

## Technion- Israel Institute of Technology

Technion - Israel Institute of Technology is Israel's premier center of science and technology education and applied research. Ranked among the top technology universities in the world, it is home to a superb faculty, including three Nobel Laureates, 13,000 students, 18 faculties and more than 50 research centers. Technion is the birthplace of many of Israel's most exciting technological innovations and helped give rise to the country's modern start-up economy. Join us and explore Israel's business ecology through fun and engaging real-life learning.

### Technion Start-Up Camp

Nowhere else do technology, innovation and entrepreneurial spirit meet as they do in Israel. Known as the "start-up nation," Israel has the world's highest per capita number of scientists and engineers, and attracts more per capita venture capital than any other nation on earth. This blend of business and science comes to life at Technion's Start-Up Summer Camp. Teens from around the world come together for a 3-week program exploring high-tech business development and innovation in a fun and welcoming atmosphere. Get to know Israel as a place where past meets future through exciting academic workshops, visits to leading Israeli tech firms and successful start-ups, and meetings with leaders and innovators in the field.

Students will learn :

- How to encourage/develop creativity
- Become a leader of innovation
- Teamwork
- How to start their own company
- How to turn an idea into a company

### Trips, Activities and Student Life

Students are housed with fellow participants in a well-appointed, modern youth village. In addition to academic programs, Technion Start-Up Camp includes trips to Israel's famous sites including Jerusalem, Masada, Eilat, Tel Aviv, and natural wonders such as the Dead Sea, the Golan Heights, and more.

### Costs and Admissions

Start-Up Camp is open to interested high school students ages 15 -18 from around the world. The total program cost is \$5,000 (US), not including travel to Israel. Merit-based partial scholarships are available.
